

GENESIS SYSTEMS®

WC-10D

utility-scale renewable water from air generator

29"x18"x28" LWH

WC-10DM

Generates 10 gallons of water a day from air (powered by vehicles)

FEATURES & SPECIFICATIONS

Genesis Systems' WaterCube generator provides military grade water from air with the following features:

- Integrated water storage 6 gallons
- NSF/EPA drinking water compliant
- UV water treatment
- 0.5 micron water filtration
- Air filtration (MERV-8 rating)
- Autonomous 24/7/365 operations
- Overflow prevention system
- Built-in weather station and sensing
- Lightning hardened
- Remote operation via network

PERFORMANCE

WaterCube is a high-performance renewable water from air system for creating fresh water:

- Rated production at 80 ° F / 60% RH
- Low noise (65dB)
- Total output 10 gallons per day

ELECTRICAL

Built to US or European standards:

- 120 VAC, 5A current draw
- 12 VDC, 50A current draw
